

Dear Colleagues,

Thank you very much for preparing for the approaching EC-18.

We believe almost all necessary information are on the <http://ec18.nifs.ac.jp> and will not be repeated as a final announcement, but we want few important but not apparent notices are repeated herewith.

#### 1. For the oral presenter.

We have prepared poster space for each oral presenter to steer or deepen the discussion each other.

We expect all the oral presenters prepare their poster(s) or printed copy of their presentation(s) to display at the poster session. (Even if you do not bring poster or copy of your presentation, we can print out on site. Please consult workshop staff.)

Those who prepared the material should put it on the board on 23 April, but staying in front of their own poster is not mandatory.

#### 2. Proceedings Preparation

Please prepare manuscript for each presentation and send it to [ec18@nifs.ac.jp](mailto:ec18@nifs.ac.jp) as pdf.

For editing purpose, we might request original word file or TeX files afterwards.

Proceeding format is A4 two column. Template can be downloaded from

[http://www.epj-conferences.org/index.php?option=com\\_content&view=article&id=136&Itemid=200&lang=en\\_GB.utf8%2C+en\\_GB.UT](http://www.epj-conferences.org/index.php?option=com_content&view=article&id=136&Itemid=200&lang=en_GB.utf8%2C+en_GB.UT)

##### 2.1 Those who are preparing manuscript using TeX.

Dr. Alf Köhn have kindly pointed out that original default template gives French outputs.

Please add option "english" when specifying documentclass as:

```
\documentclass[epj,twocolumn,english]{webofc}
```

or use attached "templateEC18.tex" and "webofcEC18.cls".

We are looking forward to seeing you soon in Nara

With best regards,

Shin KUBO
